## ANNOUNCEMENTS.

**FOR ASSESSOR.**  
We are authorized to announce  
**JOHN L. STRONG**  
as a candidate for Assessor of Breathitt County at the coming November election.

**FOR SHERIFF.**  
I am a candidate for Sheriff of Breathitt County at the coming November election.  
**BROCK CRAWFORD**  
Cope Branch, Ky.

**FOR JAILER.**  
We are authorized to announce  
**LEWIS GROSS,**  
of Elkatawa, as a candidate for the office of Jailer of Breathitt County, subject to the action of the Republican party.

We are authorized to announce  
**S. B. MINIX**  
as a candidate for Jailer, subject to the action of the Republican party.

**FOR COUNTY ATTORNEY.**  
We are authorized to announce  
**W. B. BARK**  
as a candidate for County Attorney of Breathitt County at the November election, 1905.

Breathitt County can be re-deemed. Let everybody put his shoulder to the wheel and work till a change is made.

Reforms are never made by the men who brought about the conditions that make a reform necessary. We must have a change.

A vote will be taken at the November election on an amendment to the Constitution to substitute the old viva voce system of voting in the place of the present secret ballot.

The taxpayers of Breathitt County are paying more than \$5,000 a year over what is necessary for the expenses of the county. Why collect this money from the people who need it for themselves and their families?

**What Kentucky Needs.**  
We want immigration, capital and enterprise to come South and take hold, amongst other things, of Kentucky's resources and make this State what it should be—the peer of any in the Union in point of wealth, culture and contentment. Can we get these agencies to visit and improve us while we let the blood of our sons flow in such copious streams at murders, dally and cruel decrees?

All well enough to talk of Kentucky's good points, but what are the real causes of the trouble? The good Kentuckian is a specimen of manhood, but the mean Kentuckian is a specimen of over Old Nick turned out of his kilns. We shall not make Kentucky what it ought to be by boasting of what it is. There are evils in our midst so gross and so common that no effort to make the Kentuckians to remedy. The Kentuckians are required. The Kentuckians are required to remedy the evils in their midst.

The election of the best men to the office-holders without fear or favor toward any one.

## DRAGGING

down pains are a symptom of the most serious trouble which can attack a woman, viz: falling of the womb. With this, generally, come irregular, painful, scanty or profuse periods, wasteful, weakening drains, dreadful backache, headache, nervousness, dizziness, irritability, tired feeling, inability to walk, loss of appetite, color and beauty. The cure is

## WINE OF CARDUI

### THE FEMALE REGULATOR,

that marvelous, curative extract, or natural wine, of herbs, which exerts such a wonderful, strengthening influence on all female organs. Cardui relieves pain, regulates the menses, stops drains and stimulates the womb muscles to pull the womb up into place.

It is a sure and permanent cure for all female complaints.

### WRITE US A LETTER

Put aside all timidity and write us freely and frankly, in strictest confidence, telling us all your symptoms and troubles. We will send free advice (in plain, sealed envelope), how to cure them. Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

### "I SUFFERED AWFUL PAIN

In my womb and ovaries," writes Mrs. Naomi Baker, of Webster Groves, Mo. "also in my right and left sides, and my menses were very painful and irregular. Since taking Cardui, I feel like a new woman, and do not suffer as I did. It is the best medicine I ever had in my house."

### Notice to Voters District No. 6.

To the Democrats of Magisterial District No. 6: You are called to meet at the voting place on Saturday, August 19th, 1905, at one o'clock, in mass convention, for the purpose of nominating a Democratic candidate for magistrate and constable to be voted for at the November election. All Democrats that affiliate with the Democratic party and who will be legal voters at the November election, 1905, will be allowed to participate. Given under my hand this July 31, 1905.

CHARLES LANDREUM,  
Chairman, District No. 6.

### NOTICE TO VOTERS.

To the Voters of Magisterial District No. 8:

I am a candidate for the office of Justice of the Peace for Elliottville precinct. I desire the support of each and all of the citizens of said precinct. I have been solicited by many of my neighbors and friends to make this race, and, if elected, I will serve them to the best of my ability. I am thirty years old and have never before asked any of my friends to vote for me for any office, and hope that I am not asking too much of them in asking their support at this time. Hoping you will give me a just and fair consideration, I remain, yours respectfully,  
JOSEPH LOVELLY.

### A CARD.

To the Voters of Magisterial District No. 6, Breathitt County, Kentucky:

I am about 50 years of age. It will be remembered that I was a candidate four years ago, asking you to vote for me to represent you as Justice of the Peace, all of which I have many reasons to believe you intended to do. But by some tricks which I could or was not willing to play, I was turned down. Now, allow me to say that I am a candidate for the same office and desire each and all of you to give me your support. I will say that I am qualified and will always be ready to stand for what I think will be to the interest of our county. I understand that there is a call for a mass meeting on August 19th, 1905. Hoping all will be present and that I will be your choice, I remain, yours respectfully,  
J. H. HEDSON.

### Big Returns.

The cultivation of the earth is as much to be studied as any other science. To obtain paying results the more your land produces the better pay you get for your labor. Well rotted stable manure applied to the hill will pay the farmer in the cultivation of corn. One hundred and forty-seven bushels can be grown on one acre by using the proper means and methods. As a test we will say one acre; seventy yards square; first thoroughly break the land by plowing and harrowing, then lay off three feet apart, which will give seventy rows, 210 feet long, plant one foot apart, one grain in a hill, which will give 210 stalks to each row, seventy rows to the acre, 210 hills to each row gives 14,700 stalks of corn to grow on one acre, applying well rotted manure to each stalk; allowing one ear for each stalk of corn, and 100 ears to make a bushel. One hundred is contained in 14,700 one hundred and forty-seven times, proving that 147 bushels of corn can be grown on one acre of land planted and cared for as we have said. The average production of the acre in the way people cultivate is something like 18 to 20 bushels per acre. Fifteen acres at twenty bushels per acre is 300 bushels, while two acres produces 294 bushels, minus only six bus. of fifteen acres producing. The cost of manure and the cultivation of the two acres is not more than one-half the cost, saying nothing about the labor.

"The Best Ever"

The base ball game played here Saturday between the Campton club and the Jackson nine was the best game of the season. At the close of the ninth inning the game was a tie, with only one score to each of the teams. The Campton made one run in the tenth inning on an error of one of our boys and thus won the game. There was not a single dispute nor was the decision of the umpire, Mr. G. G. Brown, questioned in a single instance. This was a good game and very much enjoyed by all who attended.

Crawford Still in Sheriff's Race.

To the Voters of Breathitt County: I understand that some parties are trying to create an impression that I will not be a candidate at the coming election. Now, I want to say to all the doubting Thomases and to every body that I am a candidate for the office of Sheriff of Breathitt county, in good faith, that I have been solicited to make this race by many of the best men of this county and have heard very flattering reports from all over the county, and will be in the race to the finish, unless refused nomination by a convention of the people of Breathitt county. I may not be able to see you all between now and the election, but I ask each and every one of you to support me in this election and I will ever be thankful.

Our subscribers have helped us to make The News what it is, and have made our subscription list the largest in Eastern Kentucky for the past three years.

Now, we want to add 1,000 new subscribers to our list during the month of August, which can be easily done if our present subscribers will help us. We want to help them in return, and make the following offer, good until September 1st:

To each one of our subscribers who will secure a new subscriber and send us one dollar we will mark his subscription up one year, or to each one of our subscribers who renews his subscription we will send The News to any friend he chooses until January 1st free.

This offer will be withdrawn after September 1st. We hope each one of our subscribers will take advantage of this liberal proposition and help us to make The News better and better each week.
